## STRENGTHENING FHA'S DOCUMENTATION AND RECORDS KEEPING

In the last two years, the Federal Housing Authority (FHA) has established a Central Land and Property Registry (CLPR) and commenced the digitization of the records of its properties nationwide.

The exercise which began with the Authority's estates in the Federal Capital Territory (FCT) has revealed a number of discrepancies in some of the properties in **Gwarinpa II Estate, Abuja**, among which are:

### PROPERTIES WITH UNVERIFIABLE OWNERSHIP STATUS

This refers to properties bought from the Authority by some establishments which in turn sold them to their staff. The records of the new owners of such properties have not been properly documented with the Authority. The owners of such properties, details of which are listed below, are required to come forward for status verification.

They are to come to the Authority's head office at **26, Julius Nyerere Crescent, Asokoro, Abuja within 14 (Fourteen) days of this publication.**

They are to come with:

- Original Letters of Allocation/Certificates of Occupancy
- Original Checking in/Hand Over Documents
- Original Receipts of Payment
- Two (2) Passport Photographs of Allotees
- Photo Identification: International Passport or National Identity Card only
